

1. PERPETUAL LICNESES

StorPool Perpetual licenses include the right to use StorPool indefinitely with the original hardware, system design, initial installation, configuration, tuning and one year 24/7 support & updates. They come on **TB raw** basis.

1.1. Perpetual licenses

Product Number	Description	Price per unit
SP-PL-1TB-HDD	StorPool Perpetual license - cost per TB of raw space on HDDs	\$110.00
SP-PL-1TB-SSD	StorPool Perpetual license - cost per TB of raw space on SSDs	\$710.00

1.2. Additional year of support to the perpetual license

Product Number	Description	Price per unit
SP-SUP-1TB-HDD	StorPool additional year support - cost per TB of raw space on HDDs	\$24.20
SP-SUP-1TB-SSD	StorPool additional year support - cost per TB of raw space on SSDs	\$156.20

2. MONTHLY LICENSES

StorPool Monthly licenses include a software license, system design, initial installation, configuration, tuning and ongoing 24/7 support & updates. They come on **TB usable** basis.

Product Number	Description	Price per unit
SP-ML-1TB-HDD	StorPool Monthly license - cost per TB Usable / month on HDD-only system	\$30.00
SP-ML-1TB-SSD	StorPool Monthly license - cost per TB Usable / month on SSD-Hybrid or SSD-only systems	\$85.00

Notes:

1. TB raw is the space which is driven by the size of the physical devices (HDD, SSD, NVMe)
2. TB usable is the actual capacity that can be stored on the storage system, after StorPool redundancy schemes.
TB usable vary depending the type of system (HDD / SSD-Hybrid / All-SSD) and replication (1/2/3 copies)
3. TB are calculated on base-10 basis. E.g. an 1600 GB SSD has 1.6 TB for licensing
